Recognized technicians named in this Schedule A, are authorized to examine devices, at any location in Canada, unless otherwise specified in this schedule.

This is an amendment to the accreditation agreement between Measurement Canada and INTERWEIGH SYSTEMS INC. (A0285). This schedule has been revised further to the request submitted by Bryn Savage, General Manager. This revised version supersedes all previous versions.

The purpose of the amendment is to:

- remove Marcel Raymond (A02850004) from the list of recognized technicians to submit examination data under the organization's scope
